·Actual specs and weights are subject to change without notice.

·Heights and widths displayed are at max.

THE T@G.

All right, we admit it - this is not your traditional teardrop camper trailer – it's better! The T@G has taken original teardrop design and elevated it to the next level by blending smart build technology with modern aesthetics and a highly functional layout to form the hottest selling teardrop trailer on the market today. The interior of the T@G offers a queen sized sleeping area, under-bed storage compartments, a convenient headboard, unique screen/shade system, real wood cabinetry and overhead cubbyhole structure. In addition, the T@G can be outfitted with a Bluetooth™ stereo with external speakers or a comprehensive 19" LED TV Entertainment Center. Either one of these devices can be paired with a 5000btu air conditioner so you can bring a couple creature comforts along for the ride. ←←

FUN

The definition of camping with a T@G can be summed up in just one word – fun. Set your spirit free with lite, effortless towing and features galore in this creative little camper. The 100% aluminum framed body with acrylic windows keeps the weight down, while a custom sink/stove combo and optional 1.6 cubic ft pull out cooler/freezer give you all the tools necessary for a cookout wherever you find yourself – enjoying nature or tailgating before the big game.

One touch of nature makes the whole world kin.

WILLIAM SHAKESPEARE

QUALITY & SERVICE

In building the T@G, our charge is to construct it with the utmost care, employing only the highest grade materials. From the all-aluminum framing to the beautiful and pure birch interiors to each individual component, we take great pride in the construction process and strive for perfection. We want you to enjoy your trailer in every way possible: functionally, practically and aesthetically.

We strictly adhere to NFPA/1192 and CSA/Z240 Certification requirements and implement multiple quality control checkpoints during and after the construction process. When the trailer is completed, every component and system is re-tested to ensure that it is issue-free and ready for you to take home!

THANK YOU

We appreciate your interest in the T@G teardrop camper. When you purchase a teardrop, you are doing more than simply buying a trailer – you are buying the lifestyle. There are a few things to remember: 1) You will be very popular wherever you go 2) less is more and 3) size does matter. In parting, a teardrop trailer allows you to 'live free,' 'camp smart' and perhaps most importantly, 'be different.'

DEALER BODY

Our dealer body is the heart and soul of our organization. Each one is independently owned and operated—free from any corporate requirements. Purchasing locally has a litany of benefits. From the investigation/education process to purchasing to servicing your trailer to possibly trading it in on a new one, your dealer will forge a personal relationship with you that is both meaningful and long lasting. Other superlatives a local dealer can offer include proximity/ease of access, custom information on ordering and maintenance for the state in which you live and general tips to operate your T@G in the most efficient and effective manner.
