

EXPERIENCE THE NEW CIRRUS 720

The all-new Cirrus 720 truck camper is another step forward into the truck camper market – and one you have come to expect from nuCamp. From its modern, radiused residential styled cabinetry to its innovative construction with aluminum and Coosa framed technology, the Cirrus 720 spares no expense in design. The ALDE® hydronic central heat/ hot water system and industry-leading Ohio Amish quality craftsmanship places the 720 in a league all its own. The Cirrus 720 gives you an innovative fully featured ¾-ton truck camper complete with options at 2,100 lbs.
